TRAINING SESSION

COURSE: Filming & editing for Androids
DURATION: 6 sessions of 60 minutes *
TUTORS: Mike Higgins

OUTLINE:

The course will teach, over 6 hours (split into hourly sessions over 2 days) :

Programme:

Initial orientation around the camera, setting up interviews, best sound and lighting.

Learners given practical assignment to film interviews and cutaways

Feedback on their experiences and guidance on how to use the editing system (Filmorago). Editing session where they will edit two clips together and cover the edit point with cutaways; alter audio; insert captions.

Practice editing session and submission

Tutor feedback on submissions.

Practical exercise on recording interviews on Skype and Zoom, how to top and tail them and send to destination. An additional exercise on pulling pictures together to cover a voice over and recording that voice over will be given.

**** Please note that this course features Zoom sessions with tasks to be completed throughout the day***
